Description:

AutoCoders is a thrilling tech odyssey where minds ignite in a three-stage coding crescendo. Round 1 sets neurons racing with a grueling quiz, separating code warriors from the rest. Round 2 unfurls an epic battle in competitive coding, a realm where algorithms duel. Round 3 ups the ante, making only the sharpest minds emerge victorious, forging legends in the world of code.

- **Round 1**: **Bee Quikz**

Engage in a 30-minute online quiz, meticulously crafted to assess your programming expertise, encompassing coding, debugging, and related concepts. The platform will be revealed to participants the night before.

- **Round 2**: **Inkognito**

Participants face an electrifying challenge: code a solution for a deceptively simple problem in just one hour. Easy? The caveat is: you must blind code!

- **Round 3**: **The CodeHivee Challenge**

Prepare for a cryptic coding finale. Time constraint of 1 hour 30 minutes.

Rules:

- *Fastest teams to complete their respective chain will qualify to the next round.*
- *Use of malicious practices will lead to instant disqualification.*

Note:

In case of any dispute, the final decision will be in the hands of the ECs and organizers.
